DISCLAIMER

Released 2020. While every effort is made to ensure information is accurate, the NCIS does not provide any warranty regarding the accuracy, currency and completeness of the information in this publication. The NCIS and the Victorian Department of Justice and Community Safety accept no responsibility for any loss or damage that may arise from any use of or reliance on the data in this report.

ACKNOWLEDGMENTS

The NCIS is funded by all State/Territory Justice Departments, New Zealand Ministry of Health, Commonwealth Department of Health, Commonwealth Department of Infrastructure, Regional Development and Cities, Australian Competition and Consumer Commission, the Australian Institute of Criminology and Safe Work Australia. Coronial data has been provided by each State and Territory Coroner's Office in Australia and New Zealand. Additional codes are provided by the Australian Bureau of Statistics (ABS), Safe Work Australia and the Births, Deaths and Marriages Registries around Australia. We gratefully acknowledge their support.

National Coronial Information System

Category	Description
Location	Cases where the location type of either the incident or the discovery of the body is of significance. Does not refer to geographic location
Mental illness and health	Cases where mental health issues or their management were relevant to the death, whether diagnosed or anecdotal
Misadventure	Risk-taking behaviour such as train surfing
Natural cause death	Cases where the death was due to natural causes
Older persons	Cases where the agedness of a person was a factor in the death
Physical health	Cases where the existing physical health of the person contributed but was not necessarily the cause of death
Sports related	Cases where a sporting incident contributed to death
Transport and traffic related	Cases involving road, water and air vehicle incidents, motorised or naturally powered. Includes cases of pedestrians impacted by transport vehicles
Water related	Includes swimming, scuba, snorkelling, boating, fishing and all water-based activities in either a recreational or commercial context
Weather related	Cases where the environmental conditions such as heatwave or storm conditions contributed to death
Work related	Cases where a work incident is related to the death
Weapon	Cases where the involvement of a weapon is significant
Youth	Cases where the youth of a person was a factor in the death
