

NCIS Access management

Submitting applications to the JHREC for ethics approval

This guide provides instructions and due dates for the following Justice Human Research Ethics Committee (JHREC) meeting:

4 August 2022

There are a number of steps required in the process to submit a NCIS third party research application for ethics consideration by the JHREC.

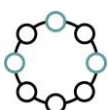

Each step has a variety of documents required and a due date for submission.

The steps required each application will depend on the data being sought.

Due dates are final and in accordance with each relevant committee's closing dates. Applications submitted after the due dates may be moved to the following JHREC meeting date for consideration.

*Applications seeking national data access must receive JHREC approval before they can apply to the Western Australian Coronial Ethics Committee (WACEC) for access to WA data. The NCIS Unit will advise applicants of the next available WACEC dates after JHREC approval is received, and the relevant documents required. Applications for only Western Australia data must complete this step first.

SUBMIT TO THE NCIS UNIT FOR REVIEW AND FEEDBACK

Due date: 25 May 2022

- The NCIS Unit generally provides one round of feedback only
- Applications received after the due date may not be reviewed
